- 2** Rusted by J+J Invision
The newest addition to the Magnify range of flooring, Rusted is inspired by the colours and textures created by the natural formation of rust. The range is available in 10 colours.

- 3** Moon, by Rimadesio
With the introduction of Moon, Rimadesio offers an internal door with technical and functional innovations. Its coplanar quality allows the door to appear integrated and unified with the wall. It can be either pushed or pulled, allowing freedom of design.

Moon is made entirely of lacquered glass and is characterised by its unusually large and stylishly designed handle.
